

WE MAKE CARING EASY

About Us

"CARE" is the word that keeps us alive and serves humanity at large. An honest thirst to care is in our DNA. Nursing champs is not just about the practical work-shop, it's an initiative, a journey to train & develop nursing students beyond a profession. We aim to make the student aware of the real world, to make them realize, it's not a job but it's an opportunity to make a difference.

At nursing champs, we believe, a real joy of deep satisfaction is in making your patients smile with your utmost care concern commitment. Our practical nursing workshop gives an inside-out 360-degree learning beyond textbooks through our experience and experts.

Our journey has just began. join us to set a new benchmark in the field of nursing, and be proud to be a Nurse.

“

***We provide supportive, compassionate and
highly qualified nurses for all your nursing and medical needs***

- Dr. Ashok Sharma
Founder Nursing Champs

”

Our Vision

To empower nursing students with affordable, high-quality, simulation-based training, creating confident, competent, and compassionate professionals who meet national and global healthcare standards.

Our Mission

To bridge the gap between theory and clinical practice through hands-on, simulation-based training that builds skills, confidence, safety, and professionalism in nursing students across India.

MASTERING MATERNAL CARE: COMPREHENSIVE OB/GYN WORKSHOP

Mastering Maternal Care: Comprehensive OB/GYN Workshop

Workshop Overview

Our OB/GYN workshop is designed to provide an in-depth understanding and hands-on training in maternal care. From normal labour to advanced procedures, we cover a comprehensive range of topics to ensure students and faculty are well-prepared for real-world scenarios.

FEE: ₹499/- per student

Workshop Highlights

Topics Covered

- **Normal Labour:** Stages of labour and monitoring fetal and maternal well-being.
- **Instrumental Deliveries:** Forceps and vacuum delivery techniques.
- **Surgical Procedures:** Episiotomy and cesarean section management.
- **Examinations:** Vaginal, cervical, fetal heartbeat, presentation, and position.
- **Contraceptive Techniques:** IUCD insertion for interval and post-abortion uterus.
- **Maternal Health and Complications:** Fertilization, placental function, APH, PPH, abortion management, eclampsia, and pre-eclampsia.
- **Postnatal Care:** Comprehensive maternal care during puerperium.
- **Monitoring Tools:** Effective use of partograph for labour management.
- **Antenatal Assessment:** Comprehensive evaluation of maternal and fetal health.
- **P.V. Examination:** Techniques for pelvic examination during labour.
- **Perineal Care:** Proper care and management during and after delivery.
- **Neonatal Resuscitation:** Essential skills for newborn emergency care.
- **MgSO4 Administration:** Safe administration for managing pre-eclampsia and eclampsia.

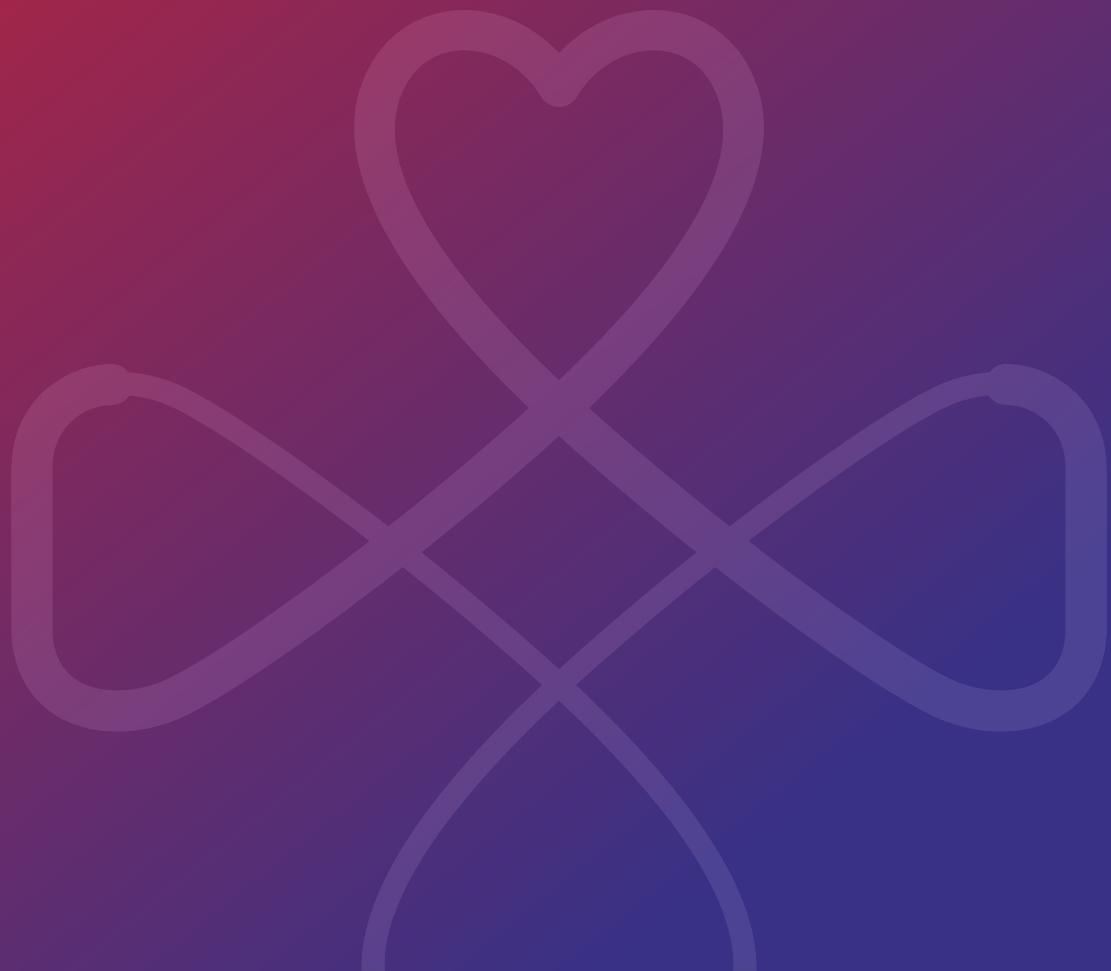

Benefits for Nursing Students and Faculty

- **Skill Development:** Build confidence in handling critical maternal and neonatal care situations.
- **Certification:** Receive a certificate of completion.
- **Career Advancement:** Boost your professional expertise in OB/GYN.

What Makes This Workshop Unique?

- **Hands-On Learning:** Experience real-life scenarios using advanced simulators and manikins.
- **Labour Room Creation:** A fully functional labour room setup with medicines, instruments, and cutting-edge technology.
- **Interactive Training Modules:** Live demonstrations and practical sessions.
- **Expert Guidance:** Direct learning from OB/GYN specialists.

ADVANCED CRITICAL CARE NURSING WORKSHOP

Advanced Critical Care Nursing Workshop

Suturing with Practice Kit: with different type of sutures.

- Central Line (Central Venous Catheter) Preparation, Dressing, and Monitor Connection
- PEG Feeding Tube Care Instruction and dressing
